

Introducing  
*THE GOLDEN HOUR CHRONICLES*

A new collection of stories from Kacey Musgraves' Grammy Award Winning Album: Golden Hour  
SLOW BURN • LONELY WEEKEND • SPACE COWBOY • HIGH HORSE • RAINBOW

"It was the golden hour of my young adult life, and there are certain junctures that you can't just think your way through; you have to feel."

*Golden Hour*, the Album of the Year for 2018. A country album at the top of the charts for years, is getting the literary treatment it so justly deserves. A piece of sun-soaked, twangy perfection, filled with vivid imagery outlining a brilliant love story that can finally be read and devoured from cover to cover, five times!

This series has five installments, *Slow Burn*, *Lonely Weekend*, *Space Cowboy*, *High Horse* and *Rainbow*, and they are all available now!
